Dear Valued Community Member,

With 1 in every 100 babies born in the US having some form of a heart defect, Intermountain Healing Hearts (IHH) was created in 2007 to provide financial and emotional support for affected families. This group also supports families affected by childhood-onset heart disease. A majority of our members are seen through the Cardiology Clinic located at Primary Children's Hospital and live in the Intermountain West (Utah, Nevada, Wyoming, Montana, and Idaho). We currently serve over 1200 families, but our numbers increase daily.

Intermountain Healing Hearts is fully run by volunteers so all donations go directly towards events for our members, CHD research, educational materials, care packages, and raising community awareness. We invite you to become a sponsor of Intermountain Healing Hearts. In return, we offer several options for your company to be recognized through our public website and our open to the public events.

- The Walk for Healing Hearts is a public event where we celebrate the angels of our group with a butterfly release, walk for awareness and to show support for our heart heroes. This past year we had over 500 people register for this event.
- Heroes of the Heart Gala is a public fundraiser. It is an evening with dinner and entertainment, as well as a silent auction.
- "other events" include annually an adult night out, a birthday party, and a family camp.
