Dear Valued Community Member,

Intermountain Healing Hearts (IHH) is a local non-profit 501(c)(3) organization providing financial and emotional support for families of children and adults with congenital heart defects (CHDs) and childhood-onset heart disease. A majority of our members are seen through the Cardiology Clinic located at Primary Children's Hospital and live in the Intermountain West. We currently serve over 1500 families and our numbers continue to increase. As a non-profit organization, we rely on generous donations from community members like you to fund our efforts to help those families.

Intermountain Healing Hearts is fully governed by volunteers and all donations go directly towards events for our members, CHD research, educational materials, grants for our members, care packages, and raising community awareness. We invite you to become a sponsor of Intermountain Healing Hearts. In return, we offer several options for your company to be recognized through our public website and our open to the public events.

- The Walk for Healing Hearts is a public event where we celebrate angel families, walk for awareness, and show support for our heart heroes. In the past, we had over 500 people register for this event. Please join us in June for this event.
- Other events include an annual adult get together, an IHH birthday party, family camp, support dinner for angel families, a CHD adult dinner and a fundraising Gala.
